No Cd, Fixed EXE. Tools to alter/cheat in all singleplayer rallies Jul 24, 2011 Seven days ago I was into the CMR2/Rally game and after playing for a long time I found out something odd. One day I played at home an became as soon as I press Left 4 Dead Race, the game crashes and I get the error "This program has stopped working".. no mather what I tried to do to fix it.. To fix this issue I had to press f2 in the game and start the game in safe mode which later I could finish the race again. And here's the weird thing, this error shows as soon as you press the Game Menu button. Four days ago I played Colin Mcrae Rally 2.0 and I had problems with the "NO Cd" and "Fixed EXE" issues. I decided to visit this forum as there are some other people who are having the same problem. I tried to fix this issues but in vain. To fix this problem I used the booting option (F2 at the logo) that puts the console into safe mode when you press Esc at the boot screen and to get in the game you press F8 and go in the boot screen again and select the start button again.
